

Neighborhood Solar Campaign

COMMUNITY
BENEFITS
PROGRAM

Reducing the Cost of
Solar for Your Community

It's a win-win-win.

For you, your neighbors,
and the environment.

Designed specifically for homeowners
and neighborhood associations.

YOUR COMMUNITY
ORGANIZATION GETS

\$200

CASH FOR EVERY
INSTALLATION

YOUR NEIGHBORS GET

\$200

OFF THE COST
OF THEIR INSTALLATION

YOUR COMMUNITY
ORGANIZATION GETS

\$500

FOR EVERY 5 NEIGHBORS
WHO GO SOLAR

You can reduce the cost of solar
by organizing and inspiring your
neighbors to go solar.

We invest in you and our community
instead of traditional advertising that
drives up the cost of solar.

Be a solar warrior in your neighborhood -
call Sundance to get a campaign started! 828-645-2080

If your neighborhood has a program already in place, join in here:

PROGRAM

Help Us Change the World One Solar Installation at a Time

Sundance's mission and our success as a company is built on the value of **shared prosperity** and **empowering people**, businesses and our community with the positive impacts of renewable energy. From training hundreds of folks in the industry to engaging thousands of people in educational and outreach programs to powering events with our solar generator, we've dedicated ourselves to developing the fertile ground for this technology to flourish. We are grateful for the **strong network of relationships** that we've established through our many community engagement initiatives.

It is in this spirit of giving back and enriching our community that we have developed the Community Benefit Program to address one of the main obstacles for solar adoption...the cost.

As a company, the best way we can help reduce the cost of solar is to lower the cost of acquiring new customers. These initiatives have been designed to reduce the cost of solar

for the ever growing Sundance community by helping to bring down the cost of marketing.

In turn, we pass these savings back to you.

Check out our programs to find the one that is right for you.
